

Estate modding

Estates modding covers the creation and modification of estates in Europa Universalis V. Estates represent the major power groups within a country: Crown, Nobles, Clergy, Burghers, Peasants, and others.

Please help with verifying or updating older sections of this article.
At least some were last verified for version 1.0.

Estates are stored in `/Europa Universalis V/game/in_game/common/estates/` as `.txt` files.
